Wellness Hub How to Access Ontario Laboratories Information System (OLIS) Findings

This guide will demonstrate how to access your COVID-19 saliva test results from OLIS. Please note that if your gargle saliva sample is positive for COVID-19, the Wellness Hub team will also contact you to provide your test results. **You will not be contacted if you test negative for COVID-19**.

Step 1:

Access the link below on a browser on your computer or mobile device.

https://covid19results.ehealthontario.ca:4443/agree

Step 2:

Select the ID you used to get the saliva test (e.g. photo health card, driver's license).

Step 3:

If you used your health card, have it ready to access your results.

Note: You must have the Ontario health card you used to get your test. This website uses these details you enter to identify and validate you. If you can't access your test results online, or if you are unable to provide your health card, someone from the study team may follow-up with you to relay your test results and provide more information, **only** if you have tested positive for COVID-19.

Step 4:

Read through and agree to the terms of use of information.
